

CHEERFUL WOMEN

Despondency is a thing of evil origin and evil results. Worry produces nothing but wrinkles and wretchedness. Let the reader put up a little note on her bureau, on her desk, and at the head of her bed, just two words, *Don't worry*. Worry is the greatest foe to the happiness of any household. An anxious, despondent face, a fretful, complaining voice, will make every one uncomfortable.

A woman's nerves are more truly the cause of worry than outside troubles. The nerves are of a woman's body the telegraph system, which surely warns her of any trouble in the feminine make-up.

Dr. Pierce, during a long period of practice, found that a prescription made with glycerine, entirely of roots and herbs, without the use of alcohol, cured over ninety per cent of such cases. After using this remedy for many years in his private practice he put it up in a form that would make it easily procurable.

Women are earnestly advised to take it for irregular or painful periods, backache, headache, displacement, catarrhal condition, hot flashes, sallow complexion and nervousness.

For girls about to enter womanhood, women about to become mothers, and for the changing days of middle age Dr. Pierce's Favorite Prescription should always be on hand. In liquid or tablet form.

SOCORRO HOME GUARD OFFICERS ARE ELECTED

(SPECIAL DISPATCH TO MORNING JOURNAL) Socorro, N. M., June 26.—At a meeting held in the courthouse here tonight the final organization of a home guard for Socorro was perfected. The organization was divided into two sections with a company in each section, each company having a captain and two lieutenants, with a major in command of both.

The officers chosen were as follows: Major, C. E. Cook; captain, company No. 1, M. C. Spicer; first lieutenant, W. V. Bunlin; second lieutenant, C. E. Sanchez; captain, company No. 2, A. E. Green; first lieutenant, Henry Dreyfus; second lieutenant, W. D. Newcomb.

130 COWBOYS WANT TO ENLIST IN ARMY

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Socorro, Colo., June 26.—One hundred and thirty cowboys, seventy-two of whom served in the Spanish-American war, many of them as tough riders, today notified the Pueblo recruiting office of the United States army that they desired to enlist in the regular cavalry for service in Mexico. They said they would provide their own horses and wished to form a separate unit.

They were informed that they could only be accepted individually and must take whatever assignments of troops were given them. The same offer from Antonio carried the tender of sixteen motor trucks from a San Luis valley manufacturer for use of the army.

AUSTRIANS ARE REPULSED BOTH BY ITALIAN AND SLAVIC FORCES

Victor Emmanuel's Men Turn Tables on Hapsburg Foes; Vienna Admits Withdrawal of Troops.

TEUTONS CLAIM SOME SUCCESSES IN EAST

Russians Apparently Meet Partial Check in Their Advance Through Volhynia and Bukovina.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Turning to the offensive in Transylvania, and across the border in Italy, where they were driven recently by the Austrians, the Italians have forced the Austrians to a general retreat along the entire front.

Vienna admits a withdrawal of the Austrian forces between the Brenno and Etsch rivers, a maneuver which, it is declared, was made to safeguard their full freedom of action.

Russians Partly Successful. The Russians in Bukovina have made further progress against the Austro-Hungarians in the region of Kimpolung, but in the operations to the north of Kuty, the Austrians have repulsed the Russian attacks, inflicting heavy casualties upon the invaders, according to Vienna.

In Galicia the Russians in the region of Boezacz have at last broken the deadlock and thrown their Cosaks across the Dniester and occupied the villages of Sleskerghine and Petrus.

Vienna Claims Victory.

Heavy fighting continues in Volhynia, especially around Sokol, to the north of Lutsk. Here, Vienna says, the Germans have stormed Russian positions over a front of about 300 meters and held the captured positions against all counterattacks. Along the Str from Kofli to Sokul, the Germans still are bombarding the Russian positions, while around Lachowka on the Stokhod river they have launched repeated infantry attacks in mass formations which Petrograd asserts were all repulsed.

In the region north of the Pripiet marshes, to as far as Jacobstall, there have been intense bombardments of Russian positions by the Germans, and several infantry attacks, which the Russian war office says were put down by the Russian fire.

British Rout Foes.

Since Sunday night, when the French recaptured German positions between the Fumlin and Chenois woods, northeast of Verdun, and repulsed a German attack west of Thionville, only artillery actions have taken place. These have diminished in intensity. The British, on their part of the French and Belgian line, have carried out a number of successful attacks and also have been successful with considerable success German positions in various sectors.

Additional gains for the British forces operating against the Germans in East Africa are related in a British communication.

The Italians have sent two Austrian transports loaded with troops, arms and ammunition to the bottom in the harbor of Durazzo.

CALLES GRANTS VENUE CHANGE TO U. S. CITIZEN

General Says Accused Will Now Have Better Chance; Is Being Held on Homicide Charge.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Douglas, Ariz., June 26.—Following receipt of an order from Gen. Alvaro Obregon, Mexican minister of war, that Norton Hand, American mining man held on a homicide charge in Arizona, should not be executed, Gen. P. Elias Calles announced tonight through Col. J. Ives G. Leveley that Hand would be taken to Nacozari, the southern terminus of the Nacozari railroad, seventy-five miles south of the border, for trial before the civil judge.

General Calles said that he was granting the change of venue in order that Hand might have a better opportunity of establishing his innocence if, as he claims, he had no part in the shooting affray in which James Parks, an American, and A. R. Dickson, a British subject, and one Mexican cowboy lost their lives.

Captain Leveley requested Gen. Calles to Frederick Simplic, American consul at Nogales, protesting against the detention of J. M. Gonzalez, an employee of the Sonora treasurer's office, or suspected charges at Tucson, Ariz. Leveley requested Gen. Calles to use his good offices in behalf of Gonzalez, who he said was en route to San Francisco on a mission for Mayo Berquet, treasurer of Sonora, and as special representative of the Casa Obrera Mundial, an organization of Mexican workmen opposed to war between Mexico and the United States.

YUAN SHI-KAI FUNERAL IS HELD IN PEKING

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Peking, June 26.—The funeral of Yuan Shi-kai, late president of the Chinese republic, took place at the palace today. Li Yuan Hing and other members of the diplomatic corps were present.

To the Public.

Sheriff's Office Ready.

Under Sheriff Dick Lewis was present at the meeting and when called upon expressed opinions substantially identical with those contained in the letter of Chief Galusha. He said that the sheriff's office was willing to issue as many commissions to responsible citizens as might be needed in an emergency, but he did not think that this was necessary under present conditions. He added that from his personal knowledge of the Mexican population of Albuquerque and the surrounding country he believed that the Mexicans were afraid that trouble was the last thing they were looking for and that they had come to this country for the purpose of getting away from trouble.

denial nomination and the proposition to run a third time. He then announced that he had decided to support a vote of 21 to 15. James R. Garfield of Ohio then introduced a resolution endorsing Hughes for president and directing the executive committee of the progressive party to cooperate with the republicans in the campaign.

Henry F. Cochems of Wisconsin raised the point that the committee had no authority to endorse any candidate and that his power was limited to the filing of the vacancy on the ticket caused by the refusal of Colonel Roosevelt to run.

Debate of Several Hours.

Chairman Hale ruled that the motion to endorse or reendorse the republican candidate for president was out of order and a debate of several hours followed.

Finally James R. Garfield appealed from the decision of the chair and was sustained in his contention by a vote of 23 to 14. During the discussion Raymond Robbins opposed making any endorsement and indicated that he would support President Wilson if the progressive party did not put a ticket in the field. Mr. Cochems said he expected to vote for Hughes but did not want the committee to take any action. He declared that the progressives should be permitted to go to any party they desired. Harridge Colly argued it would be a mistake to attempt to deliver the progressive vote to any candidate and that the method used might defeat the very object of the action.

Farker for Wilson.

John M. Parker declared many of the progressives were former democrats, and if the party was not put a national ticket, they should be permitted to select their own candidate for president. He indicated that he might vote for President Wilson.

While the debate was at its height Clarence Strause read a resolution said to have been passed by the progressive national convention, opposing the in-

CITIZENS DECIDE HOME GUARD IS NOT NECESSARY

Adequate Provision Already Made by Chief of Police Galusha for Protection of City in Case of Emergency.

That there exists no necessity at this time for the organization of a home guard to protect the lives and property of Albuquerque citizens and that ample provision has already been made by the police authorities under the direction of Chief J. H. Galusha to meet any emergency that is likely to arise were the opinions unanimously voiced at a largely attended mass meeting here at the Commercial club last night; and as a result the tentative organization effected Sunday night with a view to establishing such a body of citizen soldiers was abandoned.

The feature of the meeting, which came as a distinct surprise to the great majority of those present, was the disclosure that for the last two weeks or more there has been virtual organization of expert riflemen ready at a moment's notice to respond to the call of Chief Galusha in case trouble should arise, that each of these men has at his home a rifle and the means of ammunition, and that in addition the police department has stored in the vaults at the city hall twenty-one army rifles and an abundant supply of ammunition for the use of any extra men that might be needed in case of emergency.

Letter from Chief Galusha.

This information was contained in a letter to R. L. McAllister, secretary of the meeting, from Chief Galusha, who was unable to be present on account of having to attend the meeting of the city council last night. The chief explained in his letter that as soon as it became apparent that the situation in Mexico would probably lead to war he had begun preparations to take care of any emergency that might arise by reason of the presence in the city of citizens of Mexico, but had refrained from making any public announcement of what he had done because he did not wish to create any alarm among the people of the city. He stated further that a thorough investigation of the situation through all the channels known to the police had led him to the belief that there is no reason to apprehend any disorder in Albuquerque on account of the trouble with Mexico.

The men whose services have been secured by Chief Galusha in case they are needed are all members of one or the other of the two rifle clubs of the city, and were chosen with special reference to their comeliness and discretion, as well as their ability to shoot straight. Arrangements have been made with the telephone company for prompt communication with all of them on a moment's notice, and every one is prepared to respond immediately to any call from the chief. The chief expressed the opinion that great danger would result from the indiscriminate arming of citizens regardless of their judgment or sense of responsibility, and declared that he was ready to meet any emergency that might arise.

Sheriff's Office Ready.

Under Sheriff Dick Lewis was present at the meeting and when called upon expressed opinions substantially identical with those contained in the letter of Chief Galusha. He said that the sheriff's office was willing to issue as many commissions to responsible citizens as might be needed in an emergency, but he did not think that this was necessary under present conditions. He added that from his personal knowledge of the Mexican population of Albuquerque and the surrounding country he believed that the Mexicans were afraid that trouble was the last thing they were looking for and that they had come to this country for the purpose of getting away from trouble.

The opinions expressed by Chief Galusha and Under Sheriff Lewis settled the doom of the home guard. The discussion which followed was entirely one-sided. The view was unanimous that a home guard was not only unnecessary but that it was likely to do positive harm to the city, and when C. N. Marron made a motion that the meeting express its confidence in the ability of the city and county authorities to handle the situation and abandon the idea of forming a home guard there was not a dissenting vote.

MAGDALENA IS SWEEPED BY BAD SUNDAY BLAZE

(SPECIAL DISPATCH TO MORNING JOURNAL)

Magdalena, N. M., June 26.—Fire of unknown origin, which began in the McClure livery stable here at 2:49 o'clock yesterday afternoon, gained such headway that almost an entire block was swept away, and a loss of between \$50,000 and \$100,000, only partially covered by insurance, was sustained.

Besides the total destruction of several business buildings, the new hotel building recently completed, which was unoccupied except for the offices of the United States forest service, was gutted. All of the block north of the Ranch Supply company store was burned, except the Glick-McTavish warehouse, located on the railroad track.

Bomb in Federal Building.

New York, June 26.—What had the appearance of being bomb, with sticks of dynamite, was found before a door of an entrance of the federal building. The bomb and dynamite were wrapped in a package, the paper of which was slightly scorched.

Training Ship in Collision.

New York, June 26.—The Massachusetts naval training ship *Stamper* was in collision in a dense fog

early today with a British warship, believed to be one of the merchant auxiliary cruisers on patrol duty. A wireless message indicated neither vessel was seriously damaged.

Indoor Life Makes Fat

TRY OIL OF KOREN TO KEEP WEIGHT DOWN OR TO INCREASE SUPERFLUOUS FAT.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against overindulgence in fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air is said to weaken the oxygen carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any persons who are satisfied in their own mind that they are too stout are advised to go to Scott's, Inc., or any good druggist and get a box of all of Koren capsules, and take one after each meal and one just before retiring at night.

Even a few days treatment has been reported to show a noticeable reduction in weight, improved digestion and a return of the old energy. Footsteps become lighter and the skin less flabby in appearance as superfluous fat disappears.

Oil of Koren is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial.

Just time enough for a Little Tom

S is little-cigar time.

Most every day now you will be saying, "I've just time enough for a short smoke." And, we can hear you adding, "short but good."

Well, Little Tom at 5c is as short as you need and as good as you want.

His size is timed just right to give you the length of smoke you'll be looking for.

As for Little Tom's goodness: We simply point to the generous proportion of Havana leaf in his filler—and ask you to judge the "little one" for yourself.
